“ *Howard and I shared 13 years together. He was my biggest fan and I was his biggest fan. He supported me in my times of need and I was always there for him. Words can't express the emptiness I feel. I love his family. They always accepted me and made me feel at home. Howard was the kind of man that loved people and they returned that love. Heaven has gained a good fisherman and a great dancer.*

“ I became acquainted with Howard thru Aster George. Howard was such a humble man, loved by many, friendly, so appreciative of all visits made to him while spending such a lengthy time in hospital & at his home. His greeting to you any time you visited him just let you know you had "made his day". He would say as I entered the hosp. room, "hey you pretty thing", of course this would just melt my heart, this was Howard a very special person, one that you could discuss anything with & know that he was totally interested in all you had to say. I shall always remember the tale about his growing up & only getting the chicken feet to eat when chicken was on the menu for a meal!! I shall always think of this very special man when I hear his favorite dance tune "Rockin Robin" .

“ Howard was a loyal and good friend to my mom, Nita Hall. He liked to eat with us and I really enjoyed feeding him. He was always so nice and appreciative. When Mom was sick, he was always there and was very concerned. We will really miss him. My dad used to say, you know someone's worth by the size of the hole they leave in your life when they are gone. I think it is safe to say that Mom has a real crater in her life now. We are thankful to God for the time we had with Howard. He really put up a good fight.

“ I got to know Howard in September of 1999 right after my wife passed. We went thru square dance classes together. Somehow he, Nita and I got to be friends. I spent a lot of time in his home, playing cards or watching the Braves baseball games, or just talking. We shared some meals and he even tried to teach me to fish. I will miss my friend tremendously.

“ I first met Howard at a Single's dance. Later on he and several other friends including myself took Square Dance lessons together. He was always so polite and friendly to everyone he met. I loved Howard dearly. Over the years we always stayed in contact with each other and he and Nita and myself would go out to lunch. I loved going to his house and visiting with he and Nita. I am so thankful I got to see him in the hospital and tell him that I loved him. I will miss him so much.
He was such a fine outstanding man who had so many friends.

“ On my last visit to Albant, I am glad Carl and I went by the hospital to see Howard. We were able to hug his neck and tell him how much we loved him.

When my late husband Lamar and his group started our dances, Nita and Howard were one of the first couples he introduced me to.

They were such a fun couple! We would always know everything was "good" when they would announce, "We're BAD." Lamar would dance with Nita, and I was thrilled to get to dance with Howard! He had such a cute style that was so easy to follow, and his happy enthusiasm was contagious. I looked forward to every opportunity to dance with him. Even in recent years when I would go home for a visit, he would never fail to honor me with a dance. MANY THANKS, GOOD BUDDY! I will miss you! Mary

“ This was a very special person to us. He loved to dance and he loved the song Rock and Robin even when he was not able to be at the dance the song was played for him and Ms. Nita. He will be missed, but now he can dance down the streets of gold. We both loved you Howard. The TBA Band
