“ Dearest Julia and "Bubba",
How well I remember you and love to look at the pictures of mine and Patty's birthday parties which have pictures of you both in them. I am deeply sorry about the passing of your father. I did not know you had already lost your precious mother. When I saw the obituary on line, I just wanted to reach out and tell you how very sorry I am. God bless you both and thank you for being a very special part of my childhood. Peggy Schmidt Shackelford

“ I have been out of town since last Thursday and upon my return I read about your loss. I have known Allen well since joining the Rotary Club in the late 70's. He was really a joy to be around. We talked often of his years at the University of Georgia because he and my mother were friends at UGA. We also talked alot about the South Pacific where he and my father served. I always kept up with Allen III with Allen because my daughter, Bailey, grew up with Allen III. I am truly sorry that I was not in town for the funeral service but I do want you to know he will be greatly missed by me. Allen was a great Amerian.

“ Dad, You made Georgia easier for me. I have the permission letter you wrote to Doc Ayers, permission to let me play freshman football. It helped me make friends. Your inheritance, hate for Tech, goes on. Adios.
