“ *I will remember Al as a good friend and neighbor for ten years. He was a true gentleperson, generous and always ready to lend a helping hand. He was amazing, he could build anything, fix anything, and always seemed to be in good spirits. I am happy that Al and Penny had so many happy years together. I am sure that Al will be missed by his neighbors and fishing buddies here in the Keys, and many, many others.*

“ I can think of one man who may be considered more kind and generous than Al Hague. That would be Santa Claus, but it was a close race. He helped me move twice just by overhearing that I was moving and showed up without being asked. He was an excellent cook. Loved his food and wine. Loved his wonderful wife Penny and her entire family. Always supportive in thought and deed. All of us at Annette's Lobster House are in mourning for him and send our support and best thoughts to our lovely Penny who we miss very much. We hope that Penny will continue to visit us here in the Keys.

Much love, Annette, Nick Sidney and the Gang.

“ I was very saddened to hear about Al. I remember so well his liveness when he first move into our complex from N.J.many years ago.. But God blessed him with Penny. A wonderful blue-eyed Southern lady... They married and were such a reflection of a truly beautiful marriage. Al and Penny did everything together, walked, rode, biked, fished and kaiaked . Al was the one who loved to cook. and He did... Many times he cooked too much on purpose I think so he could give it to me and another woman in our building who totally enjoyed his flare for this talent. When he knocked at our door we always answered knowing it had to be the biscuits and pork tenderloin and mashed potatoes!!! One day i showed up and he was building a doll house for one of his grand daughters. He always had a project but one he was madly in love with. snowbirds knew how passionate he was. but if you were lucky enough to be here in the off season, you saw the love he had for us for our building. the caring.

What can I say to Penny?. I can say thank-you for giving us all of Al's time. if someone couldnt fix something, Penny always called Al.. "Hey Al.:" Betty or jeri needs your help upstairs..." She gave him so much encouragement and usually followed up.. You fixing it Al??? yes Penny.....

So everyone else here at 1505 Sombrero Blvd. will miss him horribly. and we pray for you Penny that God wrap you in His arms and allow you to heal with us. We will miss him something awe full!!! we send our love.. regards, xxxoo jeri

I will always remember our November hunting trips in Maine.

As I walk through the woods hunting you will always be in my mind.

“ *It is with great sadness that we have heard our friend Al has passed on before us. He was one to always be helpful, would go out of his way for others and could fix anything. He always had a smile to share and no unkind words that where not true. He was a great fisherman and could fish with the best of them and he loved it. I learn much from him about Florida fishing. Al will be missed by many and thought of often. He made such an impression on all that had the fortune to cross his path. At the Lady Alexander Condo his name is always brought up and held in such high respect for all he did there.*

To Penny and family we know you will get through his but it will take time for the loss to ease. Our prays and thought are with you and we to have lost a dear friend in Al.
