“ *What I most remember about my cousin Becky was the time a few years ago when she and Gina came to Atlanta to consult with my oncologist brother, Mike. The whole time Gina was in the hospital, Becky was the most attentive sister/nurse ever -- asking the technical questions, making sure the "official" nurses kept them informed and that all options were considered. No one could have asked for a better "angel on their shoulder" than Becky. She was a fierce advocate and protector for all those in her care.*

“ *The Davis King family was deeply saddened to learn of the tragic accident that claimed the earthly life of Becky. We have fond memories of her, especially during the time that Kris and Tim were married. There are many stories I could share, but words are inadequate at a time like this. She was wonderful in many, many ways. The last time Davis, Sr. and I saw her was in the ER at Phoebe and she was all smiles! Cherish your beautiful memories. May God be near in the days and weeks ahead . Love and Sincere Sympathy,*

“ It's hard to put what your mother meant to me into words...
Describing Becky Daniel to anyone who didn't know her is like trying to describe any truly beautiful thing in life to someone who's never seen it. And although Becky was a beautiful person, her true beauty radiated from within. ~ I'm grateful that you understand the "perfect" words probably can't be found and I'm hoping you'll forgive what I know will fall short.

My Aunt Becky was a force. She was loyal, and loving, and fierce. Everything that was important to her, she pursued with passion. And everyone that meant anything to her, felt that love all the way to their core.

She had a smile that could light up a room and a laugh that was contagious - even if she was laughing at you and you didn't feel like laughing. Becky Daniel just made you happy.

Whether you shared a moment, a season or a lifetime with her, knowing Becky Daniel made you a better person.

I hope that Aunt Becky is looking down at me, with a twinkle in her eye, and thinking, "Awwh, thank you Bethie." I hope she hears the stories people share about her and joined in with that great belly-laugh of hers. And for the really good stories, you may have gotten that little snort she did when something really tickled her.

For the ones she loved the most: Cristen, Jed, Martha, Jon and all of your families, I know that you will feel the immeasurable pain of a loss that came too early, for a long, long time. But I hope that you will not let that pain become more powerful than all the guidance, life lessons, friendship and undying love she gave each and every one of you.

So, even though I may not be able to do justice in describing all that was "Becky Daniel" or explaining what she meant to me, I can easily describe how I feel in having known and been loved by my

Aunt Becky - LUCKY. She has left her mark on my life and in my heart.

Thank you for sharing her with me.

She loved her family and was very proud of each one of you. Becky was always a lot of fun to be with and was a very Christian lady that loved her God and was a very thankful person. She was there for her brother Tim and I know that was very hard for her. She helped me go thru it with my brother a few years later. You could not have ask for a better person. Cherish the memories for they will last a lifetime.*

“ I am so very saddened by this sudden loss of such a vibrant, caring spirit, and I send my heartfelt thoughts and prayers and condolences to all of Becky's bereaved family. Like Betsy Crais, I was one of those "older girls" in the Assembly who knew Becky almost from birth and enjoyed a summer friendship over the many years we were next door neighbors in the Monteagle Assembly. Our mothers were dear friends, and I shared many comforting phone visits with Becky as both our mothers aged and died in recent years. Becky will be sorely missed and lovingly remembered. “ Dear family, Our full hearts and sincere prayers are with you all with the loss of Becky. I knew Becky from the time she was born through the times she trailed after us bigger girls in Monteagle Assembly to recent years when I had a chance to visit with her. Becky was always full of life and good cheer. She could light up a room with her easy laughter and tell a wicked joke. She found humor in many ways and was quick to tell you how much she cared about you. We had many good memories from our Monteagle summers spent together, a dearer friend would be hard to find.
