“ *Diane,  
I've never met you, but I thought the world of your Mom. She worked with me at the airport many, many years ago. I always thought of her as a strong, determined young lady, who, even that long ago had been fighting a hard battle with diabetes. Through it all, she kept that smile on her face and sparkle in her voice. I have thought about her often, and just wanted to let you know that at this sad time, she is remembered fondly. I know people will tell you they know how you are feeling, and it is hard to think anyone can know that emptiness you feel; but trust me, I know, as I lost my Mama to cancer on December 5, 2003, so I do know some of how you are feeling. I will think of you often.*

“ *My dear friend, Betty. I totally hate that you lived but half your life. You were courageous and kind, thoughtful and caring. I will miss you, and I loved working with you. My love to you Diane. Your Mom's worst fear was to die while you were very young. This is a very hard way to grow into adulthood. Go with God!*

“ *Our childhood friendship grew along with us as we got older, and I have so many wonderful memories from all these years. You gave us all so much without even knowing it. Although you will be missed, I know one day I will see you again in Heaven.*
