“ *Beverly was a great person to work with. We shared many laughs through emails. Although I never met her in person, she epitomized all of the professional standards and compassion that many of us newer employees look for in leaders and mentors. She will be missed.*

“ Dear Michael,

I was so surprised and saddened to read of your mother's death in the newspaper yesterday. I just wanted you to know that I remember you well and fondly, and I remember your mom with much affection. She and I shared pottery making in Aiken a few years ago, and I enjoyed so much just being with her. Please know that I care and pray that it brings you comfort to know that people you meet in this life never leave your heart. I hold you both close in my prayers.
