“ *My father was a man of very few words but when he did speak his words were profound. He loved all of his family and friends and told me countless stories of growing up with his brothers. My father had a great sense of humor and loved to laugh, have a beer, dance, garden, raise animals and he always had a dog as a pet. He even had a cat once that he was very attached to even though he said he did not like cats much. There was a group of good ole' boys that would go to the bait and tackle and hang around until they told all of the stories they had. I affectionately called them the "rat pack". All but one of this elite group have passed away now but they had enough fun for all of us. I will celebrate my Dads' life and he would want everyone to do that too. Thank you so much for the support, friendship, fellowship, and love that you have shown us throughout this heartbreaking time in our lives. We love and appreciate each of you. Feel free to post stories of my Dad or email me with stories of my Dad. Again, a special Thank you to all of you.*
