“ *Charlie, I checked the Albny obits for the first time in a year tonight and saw Charles' notice. My husband Jim also fought cancer for almost 2 years. He died to this life last Thanksgiving.*

I have several specific memories of him, all centered around the obvious truth that he loved you very dearly. He pitched in so many times with Symphony events and put up with our seemingly endless calendar of meetings. You all were such a handsome couple! I know you will miss him but also that you rejoice, as do I, that your husband is out of pain.

*Take care. I pray God's comfort for you in the coming months.

“ I am so sorry to hear of Dr. Finney's passing. He gave me one of my first jobs when I was 19 years old and was a caring friend. He taught me not only about ophthalmology but about medicine in general, information I have used during my entire career in medical office management. Charlie, you and the entire family have my deepest sympathy and are in my thoughts and prayers.

“ To the family of Charles Finney, we are saddened by the loss of such a great man. Over the short period of time that we had the pleasure of knowing him, it was very clear that he was a very passionate person with a big heart. He loved Charlie very much and our hearts go out to her and their children.
