“ So sorry to hear about your loss. Nothing can really fully prepare us for the loss of a loved one. But we can find comfort when reading the Bible, Psalm 34:18 says “Jehovah is close to the brokenhearted; He saves those who are crushed in spirit.” As one of Jehovah’s Witnesses I try to comfort others and I hope I have done that for your family sorry for your loss. charliesibley@aol.com

“ Cliff and I shared two brotherhoods. The U.S.M.C. and the Albany Fire Dept. He was dedicated to both and served honorably. May you find peace in knowing his time on this earth had a positive impact on many. Rest in peace brother.

“ *Annette & Family my thoughts and prayers are with each of you during this difficult time.*

What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch, we may not understand why someone left this earth so soon, or why they left before we were ready to say good-bye, but little by little, we begin to remember not just that they died, but that they lived. And that their life gave us memories too beautiful to forget. It is my prayer that the love of God enfolds you and your family during your difficult times and he helps you heal with the passage of time.

“ *Nanny and Papa Cliff are like second parents to me. They shared in my raising and then in the raising of my girls. I love them and their family so much. My heart hurts with Papa Cliff's passing, but I am comforted knowing that he is now with Jesus. He can breathe easy and the pain is forever gone. I am also comforted knowing I will see him again one day. May what brings me comfort also bring comfort to others who are hurting in the loss of this precious man.*

“ *Diane and Doug I knew Mr. Baltzell before I knew you and I thought the world of him. He was actually a legend at the Fire Department. I went through this in 2013 and was comforted by people sharing an experience or mentioning a few words so I hope this helps you in this time of sorrow and reflection. Daniel, Jake and all of us are certainly here if anything is needed.*
