“ *I will never forget the kindness both you and Floyd showed Leah and I when she was small. Still have the reindeer ornaments you'll gave us. We are thinking of you and your family in this difficult time. The slide show at the service was wonderful, what great memories.*

“ Judy, We Love You. We miss Floyd so very much already. I know that one day we will see him again. I remember the first time Floyd and I met. The ABATE cats were having a little shindig. Man we hit it off immediately. What a wonderful friendship we all came to know. We have always had the most tremendous respect for you both. Y'all have just been the BEST PEOPLE. The Very Best Persons you and Floyd. That is what we will always hold in our memories. Y'all were never involved in the BS drama or the rumors or the cheap east side chatter. The talk about the Gleaton's was always positive and if you two were missing from an event or were running late we (everyone) always noticed and asked and made sure we all knew where you were or if y'all were on the way. You are both extra special to us all and you will forever be so. Sissy and I will always Love You and Floyd Dear Friend.
We Love You!!!
