“ Danny was a good friend back in our high school times. We, just as most kids of the 1970s, got into a lot of "good trouble". We were always getting together on weekend nights at the latest "clearing in the woods" that we had scoped out during the week. There we would just hang around a fire, laugh, joke, and do all those things that we all did back then. It has been years since I have seen him, but the memories are still there! Thank you Danny, and "May the Road Go On Forever". Frank Donnahoo

“ Back when I was in the 4th grade and living on the Fort Rucker Army Base in Alabama, Danny had stopped in to visit us. As kids we always loved when he came by, because he would show up in his gargantuan sized truck with the immensely loud air horn! At least that was how our young minds envisioned it. Danny was the coolest! During one of those visits while my father was still at work, my mother frantically ran into the room with her hand over her throat. She had eaten something that had impeded her airway and she was no longer able to breathe. As a young nine year old, I reached deep into my vast training and experience and began to excitedly yell at Danny to slap her hard on the back 😂! Fortunately, Danny was much calmer and wiser and quickly jumped into action using abdominal thrusts to dislodge the obstruction. It was amazing to witness in person as we had no clue what the Heimlich Maneuver was at that time. We are forever in his debt. He is still my hero today for saving my mother's life. How blessed we were that he graciously took the time out of his busy schedule to come and visit us at that perfect time. There is no doubt God had sent us an angel!

“ Danny was several years older than me but my greatest memory was our family reunion in Panama City, I was thrilled to be able to hang with Bobby, Danny and Mary as a younger cousin! The house we stayed in held all families and there was lots of time for games, beach and the Panama City amusement park! Danny was dealt a real tough deck but I'm so glad to know he's with Bobby, Donna, Jerry and aunt Bette and Uncle Dale! I know they welcomed him with open arms! All my love to the Myler family
