“ *Long time neighbor of the Mullis'. I can remember early mornings waking up in a cold house discovering we were out of gas for the heater. One call to our trusty neighbor, Mr. Mullis and in minutes he was in the yard with his little gas tank getting us enough gas to warm the house until Modern Gas could get out here to fill us up again. More recently as just a year or so ago, we were always trying to get out of our driveway before Mr. Mullis came down our road at 7:30 AM so we didn't get behind him driving his Modern Gas truck (what seemed like) 5 miles an hour all the way to the highway. We were certainly blessed to have known both him and Mrs. Mullis through the years. We will miss our friend and neighbor.*
