“ *The time i spent taking care of you on your last journey was one i would never trade for anything in this world.I know that you didn't hurt. You asked me to do all i could to see that you didn't and i'm glad i was able along with hospice grant you that wish.Being the oldest out of seven and trying to help them along in your stead is a hard job ,but i'll do my best to hold them all together.I know that you worried about that more than yourself.With the strength of the lord I'll do fine. I miss you real bad you always seem to make things alright.i'll always think of you out there on the road with the hammer down to deliever the load to get back to your family .I love you dad, your eldest as you would say.*
