“ I am so saddened to hear this. I knew she had been in the hospital but I didn't know she was in this condition. I am retired from PPMH and I first knew her there. I worked on a different floor, but I would see her from time to time. MY daughters went to Byne but they knew her daughters(by name). I will be praying for all the family!!

“ Through the years, Donna has been a friend. When the girls were young we spent a good bit of time together, but as years went on, we saw each other less and less. Each time we did see each other it was with big smiles and a renewed friendship. I will miss seeing her, as I always looked at Tift Park and any craft show and sale to see if she and Bill were there. I know there is a new star named Donna twinkling in God's big sky.

“ Donna was so encouraging to me when I was caring for my 92 year old mom at home. I knew I could always ask her a question when I needed to. She had recently taken the same journey. Our girls grew up together for years, she was a wonderful friend. I just found out too that she was raised an hour away from my Dad in Springfield , VT. It was always fun to talk about VT. with her down here in the South! Just a wonderful woman and friend with three daughters that I love too. God bless you all.

*I have known Donna only a few years... Not long enough! I met her when Bill and I worked in Children's Sunday School: for some kind of festival, she carefully marked and placed a hundred suckers in tiny holes drilled in a pumpkin-- may have been fake-- she had a quiet spirit, selflessly doing what was needed.*

*She taught me to play handbells-- tried to teach me to count!*

*I am blessed that she called me to help her set up her booth of kids clothes she had made-- even trusted me to drive her to Bill when she was locked out! Those times together we're so special though few.*

*My prayers are with Bill and the girls, the grands and special Friends like Tammy: that you too will recall such men pried and they will bring a smile in the midst of your grief.*

*Donna loved Jesus; she loved life; her Bill and her family: when having to choose... she would choose Jesus every time. She would want us to be close to Jesus, so we too would make that choice.*

*I'm sure she would tell us now: make sure you meet me on the other side--A life with Jrsus is the passcode. Prayers.*

*Bill and family, my heart breaks for all of you. May God hold you all in His loving arms and give you all His Amazing Grace, comfort, peace and strength today and in the days to come..*

*.  
 Go rest high on that mountain  
 Donna, your work on earth is done  
 Go to heaven a shouting  
 Love for the Father and the Son...*
