“ To one of the finest people that we have ever had the pleasure of knowing. His dedication to his family, job, as well as friends was very apparent in the way he carried himself at all times. We did not just lose a co-worker, we lost a true friend.  
If there is ever anything that we can do for you, we are just a phone call away.  
God bless,

“ Donnie was a man as hyper as I am. There are so few of us that he and I got along so well. Non-stop is the word. Loved to be around him when at work at Cooper Tire. Will miss him and my heart is broken. To make things even better we both loved Jeeps and working on cars. Talked about this all the time. To the family we are thinking of you in our thoughts and prayers.

“ Donna, Tammi, Chuck...How my heart was saddened when I heard of Donnie's passing! My most sincere prayers and thoughts are with you and your families during this extremely difficult time. I sit here thinking of all the times we shared in High School "challenging" each other to one up the other and encourage each other to do their best. I remember when we first met, right after he broke his leg in the ninth grade and I helped carry some of his books for his classes. We had almost every class together for three years with teachers like Mrs. C and Big O. Donnie helped me in so many ways during those crucial years. I remember when we both bought our first cars during high school - how we both were so proud of ourselves! I will always remember hearing his voice during the last high school and reminiscing about the young times. May God comfort you and your families with his peace and love during this season of mourning.  
Compassionately, Don and Lisa Dekle
