“ *Hello Lisa and Ed, I'm so very sorry to hear of your lost. I am sorry I couldn't make the services and sadden to know that one of my employers and friend is at rest. Your Mother was a very kind, loving, and compassionate person; and of course one of the best gin and domino players I know. She taught me how to play dominos, but I could beat her at gin. Lisa, please tell Landon hello. Take care and God Bless.*

“ Ed, please know Dora has always held a special place in my heart. She was without a doubt the most perfect spouse for my uncle, Bill, and took care of him with the best of care and compassion. For some reason, I never really felt that Dora thought I enjoyed visiting with her as much as I did Bill when I made my almost weekly visits to their home. I tried to keep them up after his death, but I felt I was more a burden than support. I did try to touch base with her several times a year with calls. Dora suggested Lizzie to me when Mimi needed her too. I am so very thankful that Dora and Lizzie found each other through Bill as it made me Dora was in the best of hands. When I could not reach Dora, I could always reach Lizzie to find out how Dora was doing. I also know you were right there for Dora, and I hope God will continue to guide you down the right path as Dora was always so proud of you. I know your plate is full right now. Please know I will help if you ever need me just call -312-2418 or ask Lizzie she'll find me. Mimi would share these same feelings if only she could. Please know the Newcomb family care about you.
