“ Honey, I can not even begin to tell you how very much I miss, You are in my every thought, I look forward to the day we will be together again. You are my sunshine, and these days are so dark without you. I know I must go on, but really I do not want to without you. The girls miss you so much, but I'm trying to take good care of them. I go visit you everyday and knock on the door as you told me, I just wish to God you could answer. My eternal love, Donna

“ Papa Doug.. Thank you so much for bringing such happiness to my mom when she needed it the most. For always being there for her no questions asked; always an open door! We will miss you so much and the laughter that you brought when you were around. Your sense of humor was contagious to all that knew you. Christopher will always remember the time that you took with him talking about history and he holds the book you gave him close to his heart! Mom... You will get through this trying time with the strength that Doug gave you throughout the years. Precious and Tiffany will help get you through the most trying of times and I'll be here for the times that they're not able to dredge you through! I wish I was there with you today, but please don't think for a moment that I don't love you and I'm not there in spirit! You have been an inspiration to me over the past few months watching you take care of Doug. I can only hope that I can be that strong if I'm ever presented with such a situation. I love you with all my heart! I'm always here if you need me. No matter the time!!

“ *I always thought in a lifetime it would be great to touch at least one life and make a difference, after knowing Doug and the way he made a difference in everyones life he touched, strangers where called friends and friends were considered family, I only hope I can make a difference in my own life as he made in his. Mom, Stay strong...you'll have an "ANGEL" with you always.*

“ *Angels*

When you were born, an angel smiled.

As you became a child, an angel sat on your shoulder.

When you became an adult, an angel held your hand.

As you grew old, an angel walked down the road with you.

And, when you died, another angel got their wings.

We just saw him at Christmas and he looked good - we were hoping he would recover. We'll miss him. Donna, you really took good care of him over the last few months of his life - heaven holds a special place for you for being there for him - and you'll see Doug again there! “ Doug:

If I never told you in life, I want to voice to you how much you have meant to our family. You were the love of Donna's life, a loving son in law to our mother, and a true brother. Most of all you were a loving friend for some 30 years to me, and a wonderful uncle to Ashley. I hope you realize that she has adored you and always will. You have left footprints on our hearts that will last for eternity. Thank you for always being there in heart and in spirit for everyone you touched. You were and are such a special person.

Donna: I hope you realize how much Doug loved and depended on you. What a truly special person you have been to him and will always be to us. On behalf of Doug, Thank you.

*I love both of you dearly,
Lisa*

“ *Where do I start to tell you how much Doug meant to me? His death has left such a void in my life. I loved him so much. I will never forget him and the love he had for his family. He had a heart of gold. Donna, you were such an inspiration to me in the way you took such good care of him. We will look forward to meeting him again one day in heaven. We love you. Dan and Linda*

“ The minute I left your house yesterday, this song was on the radio and I felt like that it was a sign from you to me that everything was okay... "If I leave here tomorrow, will you still remember me? Cause I must be traveling on now, there's too many places I've got to see." You came into my life when I was a teenager and someday I will be able to tell you just how much these past 10 years with you have actually meant to me. I Love you and I will be seeing you.

Love,

Your "little diamond"

Aunt Donna,

I know that this must be an extremely difficult time for you but I want you to know how much "our family" appreciates everything you did for our "Dr. Dougie."

I Love you,

Ashley
