I am very saddened and heartbroken to learn of DR.Buddy Allen passing away. His family and friends are in my thoughts and prayers !!! I used to work at Phoebe Putney Hospital as a Respiratory Therapist and worked with DR.Allen in the Emergency Room quite often. He was a very caring and compassionate person and a great and knowledgeable Physician. He always had each patient , that he treated best interest at heart. He was always very nice to me and everyone that he worked with !!!

“ Buddy was one of the nicest guys I went to school with at GMC. As memory serves, he never set foot on the Bull Ring, ever. Had not seen him since I left Milledgeville in 1973. 45 Years ago. That is why I have been trying to get in touch with the GMC Cadets from 66 and 67. I am sorry that I failed to connect with Buddy since coming back home. I hate reading about my former classmates this way. To many already. I shall continue to try to contact them.

“ We are saddened by Buddy’s passing. He will be missed at the Coley family gatherings in Cochran. Prefer to remember him as a gregarious outdoor person who loved his family and his profession. Our prayers go out to Linda and family. We share more than family memories. His light hearted email messages always made us lol.

My heart is heavy for your loss. I had the privilege of working with Dr Allen for 9 years in the ER. He was a big man with a huge heart. I have some fond memories of scuba diving to cycling as he was the one that started me in cycling. I will miss his humor and emails.
