“ I thought of you today as I do everyday! My birthday was tough, the first time in my life I did not hear your voice on my birthday! I remembered how last year when you just found out you were sick you didn't tell me until I got back from my cruise! You knew I would have canceled and you were so unselfish about it! Everyday is hard and the more I go through the more I miss you! The holidays are not the same and they never will be! I know you and LuLu are smiling down on us! Love you a bushel and a peck, a hug around the neck, and a big ol bear hug! Loving and missing you always, Judy Kapootee!!!!!!

“ *Sadness in my heart! such a great man. The one that I went to for a laugh. I know he is in a better place because of some of our talks and our beliefs. I Pray those closest to him find comfort in these words and know this friend will miss him also.*

“ *Harold and I worked at Lee C.I. in the late 80's and early 90's. He was a good man, who always made me have a chuckle at some of the things he would say or do. It saddens me he died so young. My condolences to you and the family.*
