“ *Just wanted to share with the family how very special Ethel was to Wayne and me. Many years ago when our daughter, Megan, was 2 yrs. old, we solicited volunteers from the community to help me with an intense "Patterning Therapy" to teach our precious Megan, who had special needs, to learn to crawl and walk. Ethel was among those volunteers who worked with Megan week after week to help with her program. She was always so loving and kind to our Megan. Wayne and I enjoy watching some of the video footage of those patterning sessions from time to time, especially now since Megan has gone to be with the Lord.*

I am sorry that I was unable to attend Ethel's funeral; however, she will always have a special place in my heart, and I am grateful to have known her. She was a dear, dear lady with a big heart.

“ Please know that you are all in my thoughts and prayers. Ethel Lowe sold advertising items to my parents all of my life, and we always considered her on of our friends. I recreated that friendship with her when she came to exercise at Phoebe Northwest where I had my Golden Key office. Since she was also a Golden Key member she would stop by to see me and a volunteer, Lovye Cochran, who also shared may years of working with Ethel in the past. Ethel was a true inspiration. Never giving up. I lost contact with her when they moved my office from Phoebe Northwest, and did not realize she was at Palmyra Nursing Home. Unfortunately I will be out of town on a Golden Key trip and will be unable to meet any of you during the visitation or funeral service, but do want you to know I cared about her, and know all of you played a very important part in her life. Please know I care about you too.
