“ *Fran and I had been friends through school, but hadn't talked in years until this past year when I was working on a booklet for our class for our 50th reunion. We talked several times since she said she only had dial up for her computer in Pelham. We just kind of picked up where we left off and it was easy to visit as you find with good friends. I am so sorry I didn't know about the recurrence of her breast cancer so that I could have reached out to her. I send deepest sympathy to the family and know that you, as I do, have wonderful memories of such a delightful lady.*
