“ *I am Gail's next door neighbor and Gail loved birds and watching birds, she got me interested also in bird watching and taking pictures of birds and from time to time I would show her pictures of the birds that I had taken. She will be well missed!*

Gail was my first cousin, She Sue & I used to play together when we were kids , then my mother moved me away,& We didn't see each other till we all married & went our separate ways.. Just recently i found them again & I can;t begin to tell you how happy it made me to find them. I was with my cousins again only we weren't the same happy go lucky young girls we used to be but the love & togetherness was still there. We talked on the phone every time I was passing through Albany on the way to FL to help take care of my mother who died a couple of years ago. Sue called to tell me about Gail. She was so hurt & upset about her only sister's death. I know how She feels. We both feel like orphans. Our parents each had 2 children. Her sister is gone & my brother is gone. Both of us have lost our parents .Gail will be deeply missed by all of us. Ernie, Sandy, Jimmy, the best way I can think of you to honor Gail is to check o n Sue & help her out with things she needs done like cutting the grass, Even though I'm in a wheel chair now,
