“ *What a blessing to have known Gloria and to have been able to work with her on parish projects as well as school projects. She was so well informed, and enjoyed, maintaining all the history and all of the stories and remembering people that had been a part of the parish or were from our past. She would sometimes share recipes with me and we laughed at the differences our families had in making certain dishes. She has been a blessing to so many. We hope your memories keep her alive in your hearts and know that she is truly with our Heavenly Father. With our prayers*
