“ I dated Walker for nearly four years and we was always doing something involving water .One of my favorite memories was when he talked me into canoeing. I had never been canoeing before. He was a great teacher. I was amazed at myself.....until we went thru some heavy rapids and it flipped me backwards; feet straight up in the air holding a Dr. Pepper. I never flipped the canoe nor did I spill that drink. I can still hear him laughing. My heart is broken. I miss him so much. Many prayers I send out to his family. He will surely be missed.I love you Walker....forever
