“ Jo - We send our love to you and your sweet family as you deal with the loss of your Mom. Even though years go by between visits you are never far from fond memories. Your Mom was probably the coolest of the moms I knew. She introduced me to nachos in her oh so modern kitchen of the 60's and I still think of her when I am making them. She impressed me so much as a young girl when I watched her interact with you - her love and devotion for you was always so obvious and it was clear that she was your friend as well as your Mom. Know that you are in our prayers tonight.
