“ Well Bubba, I know you can hear me so I'll just say Highland School was our beginning. Riding down Gordon too fast over "Thrill Hill" and sneaking in the watermelon patch and stealing a watermelon was as bad as we ever did. I cherish the memories, as Mark Slappey clearly stated to be absent from the flesh body is to be in the spirit body with GOD, now go with God and we will see you again one day. Your friends and family will surely miss you but we have been promised a better place so save us a seat. God be with your family. Much Love

“ I grew up with Bubba, I lived at 1318 Edgerly Ave, Bubba was one block away, I was at his house all the time. He had a best friend named John Stewart, John and Bubba and I were very close. We all went to steal watermelons several times at night in a field over around Colquitt Avenue or somewhere out that way. We thought we were doing something so exciting. We got out of the car and went into the field and got the watermelons and ran back laughing and thinking we were so slick. I am so sad Bubba is gone and had been looking for him after going home for my 40th class earlier this summer. I asked several people if they knew where Bubba was, I wish I could have found him sooner. A good friend that was on the watermelon run with us wrote me and told me she saw his obituary. Her name is Linda Maloy, she also lived on Edgerly. I pray he's in heaven, but my heart is breaking. God bless all of you in the family and keep you safe. I think Bubba had twin's when he was young, we both married young. I live in Atlanta and have been here 30 years, but much of my family is still in Albany. I will be going to Bubba's grave as soon as I get back to Albany. I loved him very much, he was a good friend all those years. I knew Hughey well also. I would love to hear from a member of Bubba's family. I wish you all well, please take care.

Love to all of you, and please be happy, I know you will miss him so much. There is no promise of tomorrow.

“ I also grew up on Edgerly Ave. What a wonderful neighborhood to grow up in! Bubba was my first boyfriend and Jan, I am so sorry. I did not know of Bubba's death until Friday night. I would have been there. So many memories came rushing back....of he and Hughey...also Mark Slappey and Diane Medlock. I remember burying birds that Bubba would shoot with his BB gun. I cooked my first meal and made he and Hughey sit in the dining room of my house and eat it. God bless them both! I remember the first time I met him...walking to Highland school,hearing him come up behind me, thinking he was a bully and going to beat me up! My love to you and your family. I certainly loved Bubba. I can't believe he is gone. He will always be a part of my life... one of the wonderful parts.

“ The service yesterday was beautiful. When you are up for it, go to this website. <http://www.andiesisle.com/imagine.html> It is the song that was sung at Bubba's funeral. It is such a good song. I think you will enjoy it. We will come and see you soon, after you have time to be alone for a while. I know you all need some rest. I am glad you have each other right there to lean on. We love you....The whole Tucker family!

“ Jan, this morning I read with great sadness about the death of Bubba. He and I went all the way back to Highland School too. I also worked with Joan at M&M/MARS for several years. My deepest sympathy to you and family. As Mark Slappey said, to be absent in the body is to be present with the Lord. May that thought give you peace. God bless you all - my prayers are with you.

“ Jan and family, Bubba was very special to many of us at Georgia Pacific. We have very fond memories of him and the help that he gave each of us when we were in need of information, money to help the needy at Thanksgiving and Christmas or whenever we needed a good talking too because of things happening in our personal lives. I will never foget the advise he gave me one day when I was upset about something minor going on, he said "Don't let anyone take your sunshine away from you". When I get down, I think of that. May God be with you all and know that Bubba is in no more pain and is with God in his heavenly home. We will always be here for you and your family.

“ *Jan and Family,
May your wonderful memories help you through this difficult time.*

What a "Grand Bubba" he was. Never will I ever meet another man who would spent hours riding up and down in a glass elevator just to make his two very special granddaughters happy. And the love he had for those handsome grandsons brought a special twinkle to his eye. He loved you all so much, he would have moved heaven and earth for you.

He shared special memories with me and I will always remember his friendship and kindness.

My thoughts are with all of you on "Bowles Road" and my prayers are that you find comfort in the memory of the great love you all shared.

“ *Jan -I have written this as my tribute to Bubba and the memories of time we spent together -*

Every day at football practice you could see him arrive -he stood five feet eight and weighed 155 -kinda big at the head and narrow at the hip everyone knew to Bubba you gave no lip -running backs he would hit hard and low if he didn't bring you down he made you slow -he wasn;t one to moan and whine he did his job everytime -hunting and fishing gave him cheer if you were a friend he would buy you a beer -Bubba worked hard and long all his life and for thirty seven years has had the same devoted wife -His name is carried on by Robbie and Wade my memories of him will never fade -he has been my friend since Highland School -he never admitted that Mickey could beat him shooting pool

“ *Jan, Robby, Wade & family*

My deepest sympathies on the loss of your husband, father & grandfather.

I had the pleasure of working with Bubba at Georgia Pacific for 12 years and they were some of the best years of my life.

Bubba was a wonderful supervisor and a good friend. I'm just sorry that after I left G-P, we all lost touch with each other.

I know your loss will be felt by those who knew Bubba, but I also know that his memory will live on in everyone who knew and loved him.

I wish you all the strength you need to get through this difficult time and know that my prayers and thoughts are with you.
