He graduated from Albany High School in 1963 and from Mercer University in 1967. He served in the United States Army which included a tour in Vietnam, and he was awarded the Bronze Star Medal.

Upon his release from the Army, Jimmy returned to Albany where he worked in the family business and served as president of Albany Warehouse. He served on various boards including Worth Academy and the Flint River Water Council. His dedication to agriculture included membership in The Pecan Growers Association and as a board member of Certified Crop Advisors. He was the recipient of the Georgia Crop Production Alliance Lifetime Achievement Award. Jimmy's real passion was his association with Georgia Agribusiness Council, having served as president and executive board member and as president of Georgia Plant Food

Educational Society for the past 22 years.

Jimmy was an avid NASCAR fan and an even bigger fan of the Georgia Bulldogs. His greatest love was his family and watching his grandchildren participate in their many sports and school activities. Pat, I learned of this sad news this afternoon. We will all miss Jimmy very much and wish you the very best during these difficult times. I have reflected back on the many years that Jimmy and I have worked on projects with the GPFES and activities of Georgia's agribusiness. So many have benefited by knowing Jimmy. One such group include the students who have and will continue to receive the scholarships. Another is the GPFES membership who have enjoyed our meetings and cooperative activities. We will miss Jimmy and if I can be of any assistance during these times, I am only a phone call away. God bless. Noble Usherwood

“ I found out about this sad news this morning. Soon after a smile appeared on my face as I paused and reflected back on the many conversations and times shared with Mr Jimmy. From the rides around the farm, hearing about what was going on with Chip and Fran, to keeping Miss Bunny in line (yeah that's a joke), he was always finding the positive in every situation. He was one that enjoyed networking and contributing his time wherever needed in our ag industry, always willing to give whatever it took to get the job done right. A good man that will be missed, glad to have had him as a friend and able to be a part of his circle of influence. Thought and prayers are with the family during this time.

“ Elementary School “My Weekly Reader” told about green Grasshoppers eating everything in central USA. I had a nightmare of them eating my brother in next bedroom. I rushed in covered him with my body yelling “You can’t eat my brother!” he immediately fell back to sleep. Bubba came and held me assuring we had no green grasshoppers.

[We caught 1000’s of big ugly black hoppers which may have started his insecticide career.]

Later he’d get furious when I woke him to go to bathroom- that wall was by his bed. His early AM screeching sliding closet door taught me how to drop back to sleep- a skill used constantly in college dorms.

At 13 he’d walk from school to fertilizer plant. That drove our mother crazy. My coming to his rescue then got her mad at me.

We owe Mrs. Lackland a debit of gratitude making us speak correctly. He hated Lackland School of Speech plays but he really was a good actor and learn his lines quicker than anyone.

Our parents, and Mr. J P. Sr. were proud of his 3rd generation Rotary work

I am glad his work ethics paid off for his Ag associations.

Rest In Peace.

“ I only had 1 big brother and I believe I got the best one. Jimmy was already a teenager when I was born. He was an awesome water skier, wore giant size boots and worked from sun up to sun down. He taught me how to drive and rescued me when I had flat tires. If I ever had questions about anything he was quick to answer. I'm going to miss him. I have comfort knowing he is breathing easy now.

When I was growing up, the Champion house was my other home. They were all my second family. I was so excited when Jimmy came home from her service because I had heard so much about him. He was not a disappointment. I know he thought Kitty and I were crazy little teeny boppers and that we were quite annoying but he was the closest I ever had to a big brother. He will certainly be missed. My prayers and love to all of the Champions.

Jimmy was such a great person and always had time to help me. He and Larry Adams mentored me in the early days when I first started in the business. That is a debit I will never be able to repay. He was such a pleasure to work with when he was on the board of the Alabama Crop Management Association. He brought his expertise to our association which helped a lot.
