“ *To the Everett Family, we want to express our sorrow for your loss. We know the feelings of sadness and pain that we feel in the loss of our loved son-in-law and can only imagine yours. Though we only had the pleasure of knowing jayme for a short time, his zest and outlook on life had changed the way we looked at our lives and the way we looked at living it for the better. The joy and love and laughter that he brought to our family can not be expressed in words and we thank you for letting us have the honor of having him as a member of our family. He will forever be in our hearts and you will always be family to us.*

“ I know words can't express the sadness and pain you are feeling right now but I know from personal experience that in time it will get easier to bear. Just lean on God and he will comfort you in your time of sorrow. Its been over 3 years since my Mama died even though I still miss her very much it has gotten easier to bear as time passes. We will never forget them and will always have them in our hearts. He will always be apart of you. Gone but never ever forgotten.
