“ Janice and I were friends for so long that she is like a member of my family. There were so many shared experiences---grammar school, junior high school, high school, riding the school bus, Sunday School, church. double-dating with her and her date, parties, sharing her friends, her wonderful parents, Bridges, phone calls, visits over the many years. I search among a multitude of favorable adjectives that describe Janice. One word includes several of them--lady. Janice was a lady---all of her life. With deep sadness and sympathy for Janice's wonderful family, Grayson Peters

“ Jan, Kent, and Mark and your families- I have so many fond memories of your mother/grandmother. She certainly loved each one of you and was So proud of each of your accomplishments. She would get so excited when any of her family would come to visit and brag before you arrived, during your visit, and after your departure. She was especially proud of how nice looking her family was! Mark she was so happy when you cut your hair! Smile. She was very proud of her own looks, too! She was always dressed to the “nines”! We enjoyed complimenting one another, because I always liked to dress up, too. She was quick to tell me, too when I didn’t look up to par and that wearing my hair up made me look older amongst many other suggestions. We also loved our bunnies! Not just any bunny-they had to have “that something special” about them. We had some really nice deep conversations about life, some guilty gossiping, and some really great laughs! I will really miss Janice. She was an intelligent, interesting, and amusing delightful woman. I will cherish our friendship. Sincerely, Becky Gunnels, Whit & Holton

“ We are sorry for your families loss but happy for Mrs. Simmons. I have enjoyed visiting with Mrs. Simmons while she was a resident of Phoenix Senior Living. She always enjoyed conversation and she had a very nice group of ladies at her table, she did always sit at the head of the table and for a period of time her life long friend sat at the other end and they would pick on each other. She will be missed but also waiting for us when our days on earth also come to an end. God Bless her family as they go through this period of mourning their loss of their Loved One. Stan Jones

“ Take your rest dear friend. You have lived a good life and left many memories especially with my family. Our Mothers Louise Chastain and Grace Parrish were the dear friends for many years. But there did our friendship start Can it be so long ago at Statesboro at (Georgia Teacher's College) Now Georgia Southern in 1951. Then in 1954 we found ourselves in your hometown Albany as beginning teachers. Then in March you became Mrs. Bridges Simmons and. in July I became Mrs. John Paul Jones. So we struggled together to learn how to work and then be housewives. And O that weekend we shared in Jacksonville Florida what a week end. After a year or two children began to arrive in our homes. those years shared as we tried to be Mothers to our growing families , those teen age years we wondered if they would ever end. How blessed we were through the years. Then to see our children grow into Adulthood and get jobs and begin to establish homes of their own. We took a sigh of relief but then along came the grandchildren another tug at our hearts. Dear friend I could write a book of the years we shared, I will miss you so much but I am so blessed that the paths of our lives crossed. To you children Mark, Carmilla., Kent, Susan, and Jan, Gary. hold fast to the memories that you shared together and with your parents. You grandchildren what a life and what an example your Grandmother gave you to follow. As I tell my family as long as we follow those example our parents set then they will never leave. us. Paul and I wish we could be with you during this most difficult time. Please know we are thinking about you and holding you in our thoughts and prayers.

Dr. Simmons and family, Becky and I send our condolences. Please find peace that as Christians we rejoice in knowing that "to be absent of the body is to be in the presence of our Lord". Rest assured another angel now watches over you.

Thinking back to 1959 when Betty and I married and moved to our home on S. Valencia Dr. Janice and Bridges Simmons lived across the street and became close friends. So close, especially when our new, baby daughter (Beth) came down with a high fever and convulsions. Bridges and Janice to the rescue along with Dr. Max Sweat who lived next door. Years have gone by and our friendship/love for the Simmons grew stronger. We send our deepest sympathy to Mark, Kent, Jan, and their families. Janice and Bridges will be remembered as wonderful people who served others.

Janice and I were lifelong friends. We were born on the same street 4 months apart, became close friends in our early childhood and attended the same schools from first grade through graduation from Albany High School in 1950. We had a 50th AHS Class Reunion in 2000 where we celebrated our wonderful school years with many of our classmates. Janice was a dear friend who was admired by all who knew her. She was a blessing to me. I will miss her. My condolences and prayers go out to the family.

Janice & Bridges lived across from my mother & me on Valencia Drive in Albany during the 1960s. We became friends & when she & Bridges moved to Athens, GA for Bridges to obtain his degree, I also left to attend UGA. We saw each other frequently while they lived in married housing. I have a lot of fond memories of our friendship and will miss both of them.
