“ My husband and I were in Mrs. Tillman's fifth grade class in 1970. She was funny, fair, and kind.- She instilled in us an appreciation for learning and encouraged us to work together and respect one another. Cliff reminded me tonight that she held a class election for best lady and man. After the class voted, the results were in- She graciously told us that each of us had won. Who knew? Did she have any idea what the future held for us!?!? We both moved onto Deerfield and after several years became high school sweethearts. We both went to and graduated from UGA. We have been married 35 years. I taught school for 19 years-inspired by many teachers-one including Mrs. Tillman!!! Cliff has had life-time career with Mauldin and Jenkins, CPAs. Our daughter works at a school for children with neurological disorders. The circle of caring for kids continues. Thank you, Mrs. Tillman for making for our fifth grade year at Lake Park so special and for all the other kids you touched throughout your career. Cliff and I remember you with love and respect! Our thoughts and prayers are with your family. God bless all!

*Hi Connie, I am just now seeing your beautiful tribute to and just learning about Mrs. Tillman. She is also one of my all time favorite teachers. She was such an amazing teacher. I am so sad she has left us. I have included our 5th grade class photo of which someday I hope you and Cliff will see. I can name all but 3 kids in the class. My heart goes out to the Tillman family for the loss of the amazing lady who made a impact on so many lives. Mark S Simmons*
