“ *I was just looking Mike up on Google as I had lost contact with him many years back. We went to USM together and were both in the same fraternity. I was from Chicago and used to run into him from time to time and over the years we would touch base via phone. I'm sorry to learn of his passing but I know he is doing some of his hilarious drawings along with playing his guitar and is peaceful in his his own glory. I ran into him years ago at the Airport in Miami and we shared some funny stories. Mike was a fun person and always brought a smile to my face and it was always good to see him.*

“ *Good-bye, my dear old Friend-Although we lost touch so many, many years ago, I have thought of Mike so often. He was truly one of a kind and far ahead othe times. I loved him dearly. remember that silly little "Beetle" in which we drove everywhere? I remember too often when Mike learned to dance in high school. He definitely had a style all his own. And he made Band class unforgettable. My heart goes out to you, his family. I know there is a very special place for Mike in heaven. I send you all good thughts in this time of sorrow. Michael will be sorely missed. Susan*

“ I grew up next door to Mike. We were close friends then lost touch after High School. Sad to see him gone. Gland to see he had such a large family. Jeff

“ I was shocked and saddened to read "Mike's" obituary. I was a high school classmate and was always happy to see him at our reunions. Please accept my deepest sympathy over your loss. Anne - you may not remember me, but currently I live on McGuire Cove here in Clarksdale which I believe was your home for several years.
