“ *I will miss our daily connections. We didn't see each other much but always had a comment on Facebook. I'm glad we reconnected after so many years. I remember when we watched The Wild, Wild West, along with your brother. My mother's gift to y'all when we were small, a baby alligator from your visit with us in Florida! You will be missed. Rest In Peace John.*

“ *I didn't know Mr. Bowen personally, but talked to him a few times when visiting Radium Springs. I used to swim and sunbathe at Radium back in the 60's. It was my favorite hang out! Through the "Radium Springs - Albany Georgia" Facebook site, I could count on John's comments to keep me abreast of all the going's-on at this much-beloved historic site as he and others seek to renew and improve this beautiful area. I thank him for his love of place and desire to see everything done in a harmonious way with nature. My thoughts go to you, his family and friends, at this time of grievous loss - look to the stars each night to see your John beaming down upon you. And prayers for your comfort are heartfelt.*

“ John has been a very close friend of ours for over 20 years. He was one of the most talented and creative when he had a hammer in his hand. He could truly do anything. John did very much of the remodeling in all our homes. I've looked around these past couple days at things in this house that John did for me. He has left memories in every room. We will miss him but look forward to that beautiful day when we will see him again. We love you John. Rest now, our dear friend.

“ I did not have the fortune of knowing John for very long but of the time that I did know him, he always made me laugh. He was a very witty guy. And he has a great son and two grandsons to continue his legacy. You will be missed John.

“ In the fall of 1975, I was in Mitchell Hall at Abraham Baldwin Agricultural College setting up my stereo in my dorm room. This guy sticks his head in my room and goes "Oh yea, The Allman Brothers!" John and I have been friends ever since. John introduced me to hunting arrow heads in south Georgia. I was walking this peanut field one day & John walked behind me for about 10 yards, then he saw a arrow head that I had missed. He said, "What's the matter with this one?" I never let him walk behind me in a field after that. I will miss you my brother... Fair winds and following seas...

“ *Levi and Susan. I was so saddened to hear about the loss of John. What wonderful times we had at Riverview Academy. He was so witty, had a great dry sense of humor and just fun to around! I am certain that you have some good memories - believe me, those memories will give you strength. Please know that the Prisant's are thinking of you and your families.*
