*I never knew my sister had this great obituary. Today Dec 25, 2024 is the seventh year after she went to heaven. My sister Kathy was so great to grow up with and she was always the most loving and caring person for the family and everyone she met or worked with. We miss her and she is in my prayers twice daily morning and night. I know she is with my family up there, all of them including our little brother. Love, brother Chuck and Barbara Mitchell.*

“ *Kyle , I got to know your mother many years ago through the family support group that we both attended. She made the best brownies ever when we had eating meetings. She was a kind and compassionate person, you favor her in many ways. Our thoughts and prayers are with you and your family at this time .....Beth and Curtis Rode*

“ *I have been blessed to work and know Mrs. Kathy for several years. Going into work in the morning and seeing her smile was a wonderful start to each day. I will miss her patting my hand and telling me "everything will be ok". Her caring and love for everyone will be so missed. God got a great angel in heaven. Many prayers for her family.*

“ Ms. Kathy is loved by all who knew her. An incredible woman who inspired others, including me. One of a kind, who will be missed here, but welcomed warmly in heaven. Selfishly wish you were still here, but know you're in a better place. I love you.

“ It has been a great honor to have known a woman who I have loved and admired enough that I now feel deep grief at her passing. The world was a better place for having her in it, but heaven has gained a wonderful soul. My deepest condolences to her family. I will miss her every day, even as I am thankful for the blessing of having her in my life.
