“ It is with a sad heart that I am here to offer my condolences to your family,Kenny,and to say that I was so very sorry to hear this. I find it hard to believe that you can be gone.Heaven had a special place for you,I am sure,You were so kind to me,and I am grateful that I got to know you,work for and with you.I will never forget orientation day in Millbrook in 07.You asked us to tell you our favorite cartoon character,and I told you Foghorn Leghorn was mine,and then did my best imitation of him..You had the strangest look on your face when I did that,and everybody laughed out loud.You went on,speaking to the others,then all of a sudden,about ten minutes later,you turned around,looked at me,and said "Foghorn Leghorn,huh?"Thanks for making me feel special,and thanks for the memories.May God bless your family,and bring peace to all who had the pleasure to know you. “ I worked with Kenny at Mt. Pocono Wal-Mart. He took me from night cleaning to stocking to Department Manager. He was the best boss you could ever want, you were treated like a equal and not just a worker. When we lost our grand daughter to a rape and murder Kenny cried with me. Him and his wife were there for me even a year later I still got flowers. Kenny you were the best, the world lost a wonderful person, but God got a special angel.

“ I've only been in the Prattville area for about two weeks. When I first learned I would be moving here, one of my co-workers said find and meet Kenny Hinds. He said you will learn a lot from him. He is wealthy with knowledge. As soon as I got his number I told him I was ready to learn. He texted me and told me that whatever he had to offer was mine. Kenny may not be here in person but I'm learning as we speak. He was a pillar of the community, well respected by his associates and admired by many. I'm learning more now of the kind of person that I need to be. Kenny has touched so many lives and I know he will receive his reward. We only got to meet once at our Year Beginning Meeting and even then, I just admired how he carried himself. I thank God for allowing me the opportunity to meet such a great man. My sincerest prayers are with his family at this time

“ Kenny I am so sad to hear of your passing. I only knew you a short time but you have left such a lasting impression in my heart. Your love and kindness for your employees was so genuine and heartfelt. Your Walmart was our home away from home. I remember on my first day how you accepted me into your huge Walmart family and how you would go around and talk to each of us all the time. Your ice cream and candy treats at the 10pm meetings were always very much enjoyed and appreciated. Till this day I talk about you to employees who never had the opportunity to meet you. You were the best store manager we ever had and will ever have. Walmart has never been the same without you. Just know that you are loved will forever be in our hearts.

“ I am at a loss for words. I pray that God holds him close. I pray that God gives his loved ones the strength to get through this time of sorrow. Kenny was a light for so many. He truly was interested in and cared about his associates. At one point he actually had passed out a questionnaire asking his associates their hobbies and such. His voice was warm as was his smile. He loved his family deeply. He wore his heart on his sleeve. My heart goes out to all those who mourn his passing.

“ We would like to send our deepest sympathies to you and your family. I thought a lot of Kenny the time I worked with him. I didn't actually work at his store, but we worked together on a project that I was sent to help another store out on and so was he, but he happened to be my supervisor. He was a great supervisor, showed great leadership, which in turn helped me in my own position of leadership and I considered him a friend. We will keep you and your family in our prayers.

God bless you during this time.

“ Kenny I will never forget the first day we met. with your southern accent and very tall presents you were just a big teddy bear , I've learned a lot from you
You taught with a soft voice and a understanding when we didn't get it the first time , you took the time to get to know each and everyone of us and spoke to us like we were equals never a snide remark or making us feel less of are selfs , you truly were a amazing man the love you showed for your wife and your children were never understated I am a better person because of you and I'm sure I am not the only one who feels this way. I have missed you for a long time and now I will miss you forever !!! I know God is watching over your children and with the grace of God he will help them get through this

“ Kenny, I remember the first day you came to our store we had had no one and our store was a mess. Most people didn't even know you were the new store manager. It took a little getting use to. But you made calm from chaos and we all grew to love you. Every one you mentored is better for knowing you. And our store was never the same after you left. We thrived while you were with us and you were missed every day after you left. Rest in peace Kenny and may God watch over your family and keep them safe.

“ You may have been a boss first but you were a friend and confidant to your associates as well. You ran our store like a well oiled chain but never lost touch of what was first ..Family. We always knew what you expected from each of us and we were only to happy to please you. Your confidence in us overwhelming but it made every day an achievment we could be proud of.

You left us and nothing was ever the same again no one could ever fill your shoes. No other would ever be you or close to you. We watched your kids grow bigger and the love and adoration for your wife grow stronger. We were all a part of the family in one way or another and we were a Walmart family. Together we conquered and stayed number one.

Your kindness and heart of gold knew no bounds but yet we also knew when you were disappointed and never wanted to see that look in your eyes again. You gave us what for but never belittled us. It was hard eonough just knowing you were disappointed. You were an amazing man.

Thoughts and prayers to your family and we will miss you big guy more then you will ever know...With the greatest respect and love forever...Deb Johnson - your Mt. Pocono resident redneck woman.....

“ I still can not process that you are gone. I will never forget when you first came to Pocono you needed a translator, with your quirky sayings and that thick accent you won a whole store over in a matter of weeks. In a persons lifetime there are few people who come into our lives and leave a lasting impression and make a huge impact. You my friend were one of those people for me. You were a strong leader, mentor & friend. You were a hands on leader who treated us like family, you laugh with us and even cried with us on a few occasions, and we were all better off for it. You have be gone form our store for a few years now but are still talked about amoungst the associates till this day. We always kept intouch especially at Christmas and Baseball season. #2365 was your first store as a store manager and you always said you would never forget your first, well my friend we will never forget you. “I can only say that Kenny was and still is a great influence on me. I have great memories when we worked together. There was always positive influences from him even at the most stressful times at work. I can still remember his first week at the store and all the co-workers deciding if they could understand him with his great accent-even though it was most of us that had an accent. I am happy to have met you Kenny and will always hold a spot for you in my heart. He not only had great work ethics but his love for his family at home was so strong.
