“ *I just saw that Larry has passed. He is the father of my son Jason Thomas Bentley Dellicker (adopted). I loved Larry and the mid 70's we lived together and loved each other. Jason was born on July 19, 1977. I wish Larry could have known our son but Jason did not want communication even though Larry and I discussed it several times. I tried to contact Larry's children to let them know they had a half brother but no communication. Spoke to Billy once a couple years ago. If anyone wants to contact me lisamd104@aol.com. I grew up in Albany and new Pete and repete. So sorry. This is a real shock to me. I loved him very much. Enough to raise his son.*

I'll always be praying for Larry.

We met at a Waylon Jennings concert at the Omni in Atlanta and instantly fell deeply in love with each other. We lived next door to Linda and Billy on Lookout Place in Atlanta Ga. I loved him madly. We had long talks several times over the years. Especially around 2007 Jason's 30th birthday. Larry asked me to go to Sturges with him on his white Harley motorcycle and we laughed about our past. Also the coincidence that he lived in Georgetown estates where my parents had property when I was a teenager and my step sister lived there and knew him. It was funny when Tom took us to dinner and Pete was sitting next to me in the car and we realized Pete and Repete were friends of my sisters from Albany. Many weird connections. I can't remember that year he asked me to go with him on that trip but he sent me pictures of him and Billie and Ricky on their motorcycles in the mountains. I tried so hard to get our son Jason Thomas Bentley (Dellicker) and Larry together but too much time had passed. I had hoped that Keith and Mindy would want to know their half brother. No luck. I still pray they will reach out someday. Jason looks so much like Larry, it's eerie as I see Larry in Jason. I can only thank Larry for giving me my beautiful son even though it wasn't easy being a single mom.

I used to take care of Keith when he would stay at our home. Please if you know him, tell Keith to look me or Jason up.

I still think of Larry and what could have been. His mother split us apart. It is was very difficult being pregnant and alone at times not even having electricity and hot water while pregnant but I was so determined to keep our child. Jason is the greatest joy of my life. He looks so much like Larry. I'll never stop loving him. I pray for you sweetheart and I'll never forget our love. Peace to you. I'll see you again some day soon.

Keith I know you don't remember me but I took care of you, changed your diaper every single time you came to our home. You are like my own little child. I pray before I die you will reach out to me.

Jennifer. Don't give up on me. Call me. I haven't called because I've been very ill. In the hospital several times. I still want to share with you. You have my info. Please try to reach out to Keith and Mindy. Larry and I resolved our issues before he died. He regretted his actions. Mainly not knowing his son Jason and abandoning us. I loved him more Billy and I also talked several times. I'm still a part of your family. My time is limited. I loved Larry's dad. He was awesome. So easy going. So accepting but never knew his grandson. Our families were linked in Albany. My sister Linda with Pete and Repete and my brother Michael with Daniel Mock and me with Larry. We were all friends in Albany. Your mom Linda knew me but .. I was dismissed because I wasn't from a wealthy family. I'm still a part of your family although hidden. Reach out. Please.

“ Dear Tom, Mildred Minday and family...
May our deepest prayers lift you each up in
wrap you in comfort during this difficult time.
My husband Andy and I recall many
wonderful memories at Robertson Optical. As
a matter of fact it was my first job in 1976 and I was so scared when
Mr. Tom interviewed me. It was back in the day of the Arcade
downtown Albany. Then we moved to Second Avenue - that's when
Larry joined us. I can remember his smiling face as he worked on all
the glasses that came through. Love and hugs to each of you. With
warmest regards,
Crystal and Andy Cherry

“ Dear Bentley Family,
So sorry to hear about your loss. Nothing can really fully prepare us for the loss of a loved one. But we can find comfort and hope that they are no longer suffering as ecclesiastes 9:5 reassures us that they feel nothing at all, and that One day we won't have to deal with death because there will be no more pain and death like Isaiah 25:8,9 tells us. hope this has brought some comfort to you. And again my condolences.

“ Tom, Mildred, Billy and family,

I was so very sad to hear about Larry's passing. At 18 he was my boyfriend. It didn't last long. He then became my friend and next he became my brother-in-Law. So many years ago yet it seems like yesterday. I only saw Larry a few times after that. I remember going to Tom and Mildred's lake house and Larry was there. Still as handsome as ever! Also remember the hippy days with him always playing his guitar! . I dearly loved Martha. I think of her often and will also think of my friend Larry. So many, many memories. Rest in peace my dear friend. You are with your Mom now and your friend and my best friend Oralyn.

Tom, Mildred, Billy, Roberta. Toni and Ricky, God Bless each and every one of you. My prayers are with you. With love, Linda

“ Mr. Tom and Mildred, Mindy and Keith, I am so very sorry for your loss. Larry was a true and dear friend and I will love him always and miss him. I worked for Mr. Tom at Roberston's in Albany (I also worked at the Atlanta lab). Seems like a million years ago, but it was only about 35-40 years ago. Larry and I were always friends. I sent some Angel Trumpets to him recently. He really loved them and was so proud of them.

“ I started working for Larry at the optical lab in 1992 until around 2002. Larry was not only a boss to me but a friend indeed. He was always full of life, loved to have fun, great personality and a great person to be around. He taught me a lot in life. Even though I didn't get to see him much in the past ten years I thought about him often. You will truly be missed. Now fly your wings and dance with your friends up in heaven. I know you will be watching over all of us..RIP Larry...
