“ My heart is so broken right now...Lisa's smile lit up my everyday! We started out as buddies in Brownies...3rd grade. However, we quickly became best friends for always. I've been so delighted to be with her these last 8 months! We've shared so many memories and laughed so much. I can't begin to imagine how life will be without her. Only God can see me through this and I look forward to seeing her again when I go home. I love you Lisa and miss you like crazy.

“ Your smile and contagious happiness always filled the room. To having the absolute best hugs and words of wisdom or just a shoulder to cry on. I hope that I was half the friend you were to me. I always knew you were a true friend. I'm still not so good at public speaking , although your words and heartfelt compassion could lift a room so high we had to look down to see everyone else. Your personailty, love, compassion and unwavering friendship will never be forgotten by me. I hope you realize how much of an impact you made on people and how much we all loved you sooo. Rest in peace now my dear friend and may you fly high and watch over us all, as you always have. To your family my sincerest condolences and I hope they also know how much you were loved. 💕💕💕

True is the word for you. I am honored to have been your friend. You wrote me after i left prison and you visited me at work as soon as you could get there. Those efforts speak loudly in a world where people dont give time or effort selflessly. I miss you and i look forward to seeing you again...Godspeed Lisa Alverson

“ It Was our heart and prayer that opened over you Lisa ! We shared our home, Family with you in hopes you would feel the love of God Daily in your life . Yes there were times we didn't see eye to eye, yet you always knew that didn't change the love we shared with you. We loved you with a mighty love that God gave so freely. Knowing you're feeling no pain or loneiness anymore.

“ Lisa was a rock for me in my time of need. She was there when I needed her to do the silliest things that everyone else was scared to do. She played a clown and was a cheer leader in our pep rally. Always a trooper and always a smile. She will be truly missed and I know she was called Home for a reason. I was her Irish Whiskey and she was my Lisa doll. I love you.
