“ *Please accept our deepest sympathies in the passing of Mrs. Sleep. She was known to our family for many years and we loved to hear old stories. You may remember that Robert worked with Mr. Sleep at Hodges and we always thought so much of him and "Mama". Our thoughts and prayers are with you and may God grant you peace and comfort at this time and in the days ahead. Linda and Robert Wells*

“ To the Sleep Family:It is so sad to hear of anyone losing a dear loved in death. No one escapes this terrible enemy during this lifetime. But the family can be comforted by knowing that others have experienced the same, how they coped with such a loss and be there for them during this time of mourning. Our heavenly Father knows of your suffering and grief. I found that during my loss that when I prayed deeply to our heavenly Father that he would hear and provided comfort. (2 Corinthians 1:3) May you know that our Creator did not leave us with just this prospect, but that by means of his son, he has provided the hope of the resurrection. (Acts 24:15)May you also find comfort in knowing that in the future when the resurrection takes place that you can see your dear loved one again and have the hope of seeing them in a paradise earth forever. (Psalms 37:29; Luke 23:43)
