“ Nana--You know how special Papa was to me. I'll always remember my visits to your house and the special times Papa and I had---we had so much fun together. He always had time for me; whether it was sitting in his lap and watching 101 Dalmations for the tenth time or him letting me paint his lips with red lipstick. My bonding with Papa began the day I was born and the memories will live in my heart forever. I love you Nana, Lollypop

“ Papa was the greatest person I have ever known. He was my hero and my inspiration to be the best person that I can be. He taught me to love with everything I have and to laugh until I cry. To not speak harsh of others, as they are loved by God too. To always remember where you came from and love your family over everything else. Papa knew that actions speak louder than words and made sure he lived that way. Thank you to our friends and family for comforting us during this sad time. He will be missed.

“ My mind is flooded with memories of a 50 year friendship. Our
relationship in the business world, moving to the same
neighborhood, watching our families develop and grow. We shared
the happiness of marriages, the sorrow of deaths and so many joys
through all these years. He was a down to earth man-- dependable,
loyal, much respected and greatly loved. I'm so fortunate he passed
my way.

I was so sorry to hear about your Dad. He was a second father to me all those years we were growing up. I will miss him so much. I had asked David several times how he was doing, but his death still comes as a shock. All my love to you both and the rest of your families.*

“ As you know Kay and I wish you all the best and want you to know we are here for you if you need us.

I was in the process of typing another comment earlier today and as you know I type so slow that the Guestbook timed me out - so I will keep this one short and sweet!!!!

May the Lord be with you and your Family this tough weekend and let us know if there is anything we can do.
