“ *Dear Ronnie,Rodger and Families,
I spent a lot of my growing up years listening to my Mom(Elaine)and your Mom,talking together. They loved it along with your Grandma Susie. I didn't realize until I grew up, just how much that I learned from those three. Blessings to you, all. Sincerely, Gloria Adamson*

“My father, James Culpepper moved to Dawso Manor in Dec. 2004 after breaking his hip. After several more months recover he was able to venture out and one of the first people he met was Miss Lucille. They immediately became friends. Every time I come to visit Daddy,I would find him with Miss Lucille and Miss Mary Jackson. I began to look forward to visiting with Miss Lucille almost as much as with my father. I always take my little dog, Gracie, with me and everyone loves her company, but Miss Lucille always took special delight in Gracie. She was such a sweet, funny lady and was the glue that held together the people who are able to get out and about at Dawson Manor. Her passing has left a huge, empty spot in that facility. Miss Mary and Daddy depended on her not only for her delightful company, but for helping them understand even simple things as to what day of the week it was. She also encouraged my Daddy to participate in activities and without her I don't know if he will even know that they are going on. I also will miss this beautiful, sweet lady. I know she is in a better place, but I wish the Lord had let her stay with us a little while longer.
