“ *We were so sorry to hear of Midge’s passing. She was our sweet neighbor. I will never forget the night our homes flooded. Midge called and said we had to get out as quickly as possible, water was in our backyards. She said, “Gail get everybody up and out, I am not leaving without you!” Without her call, I am not sure we would have made it out safely. Midge was a fun loving person and a pleasure to be around. Our sincerest sympathy to the family.*
