“ Dear Mrs. Dean,

*I have such warm loving memories of your sweet mother. She was such a lady and I will always remember her kindness and sweet spirit.*

*My name is Laura Oliver and I did the estate sale for your mom a few years ago. She was so easy to work with and was so appreciative to have someone take care of her things. She came over the house the day after the sale when we were cleaning up and went to the kitchen and stayed there for what seemed like a long time to me. I eventually went to see about her and saw a tear in her eye. I asked if something was wrong? She said so sweetly, "Oh no, honey, I am so happy to have this worry off me. I don't have to be concerned or worried about all this stuff anymore."*

*I discovered as I was doing the sale that she was the daughter of my third grade teacher, Mrs. J.I. Ford, your grandmother. It was a heart warming realization to know that I was maybe returning a favor for my teacher who had taught me some many wonderful values as well as teaching me the ABC'S OF SCHOOL.*

*You have my sympathy. I miss her, but will always have a sweet memory of the two of them.*

*I stayed in touch with your Mom by phone for a long time when she was still in the Veranda, but did not know where she moved.*

*You have to be so proud and honored to have a mother and grandmother with such grace and honor. I hope that you can find some comfort in that.*

Administrative Assistant  
Mayor's Office  
Alexander City, AL*
