“ *I called her "Mama Stella," because she became a Mama to me when I was a young bride and needed my own mother who lived across state. I was able to reconnect with her a couple of years ago, but lost touch again, I'm sad to say. Lynda, if you read this, please contact me. You can find me easily on Facebook ... I think we may still be "friends" there. :)*

*What a dear, sweet, wonderful, inspiring lady! This world is poorer because of her having left us!*
