“ *To my Mother*

I miss you so much, but, I slao know that you are free of any kind of pain and that you are with Jesus. We all love you. You had alot of wonderful nurses and doctors that took care of you. We also had a special caregiver and friend, Pam. She went that extra mile for us. All of these people loved and cared for you from their hearts. Kelly, Tara and Isabelle love you so much. We will know that you are always with us, especially when the birds are singing.

MOMA I LOVE YOU.

*Your daughter,
Melanie*
