Mike was a kind person. He gave an employment opportunity with GDOL. He was the manager who hired me. I will never forget him. My thoughts and prayers go out to his family.

“ I first met Mike when we worked together at Thomaston GA printing company in 1986, we remained friends even after I moved back to Effingham IL. He visited many times over the years. He and i made trips to Chicago to watch the Cubs play and to St Louis to watch games. He made a good impression on everyone he met. My wife and children will miss him as he was like a little brother to me.

“ I've known Mike since he hired me at the Labor Department. He was a very kind and caring man. I had many heart to heart talks with Mike over the years. Mike knew that I was thankful that he selected me for the position at the Labor Department. Mike's kindness blesses me today. I remember the cook outs at the Labor Dept., and let me tell you, that man could cook some fish. I remember receiving his homemade jelly for Christmas. Many good memories at the Labor Department are still with me to this day. I also remember a group of us going to Americus to see John Berry, we had a wonderful time. Mike was a friend. I will miss you Mike for your friendship, kindness and caring ways. My thoughts and prayers go to both his family and friends.

“ Mike was my friend and neighbor in CPE at Lake Eufaula for over 20 years. We shared a love of fishing, hunting, and Tarheel basketball. One item on Mike's "bucket list" was to go to Chapel Hill, NC and watch a game at the "Dean Dome". Two years ago he and I made a trip to NC and got to see the Heels win in the Dome. I am so glad we got to share that special memory. RIP my friend. You will be missed.

“ Mike was a true southern gentleman. He loved fishing and sharing his catch (cleaned and ready for the frying pan), as well as making salsa and jellies to share with his family, friends and neighbors. He was very passionate about Rotary, he was the current President of the Rotary Club of Quitman County. He loved calling the games for Deerfield Windsor. He will be greatly missed here on earth, but heaven has gained another beautiful angel.

“ Mike was a very kind and compassionate man. He was never happier than when he was helping a friend or stranger. He once helped an unidentified fisherman who had recently had hip replacement. Mike loaded his boat for him when we were at the lake. He taught me to live in the present. He will be missed.

Mike was always calling the football games at Deerfield Windsor. I can't recall a game that he missed. When my husband was in the hospital a few years back and my son was playing, he always did a shout out to him on radio. He would announce when my son went in the game or made a tackle so that my husband knew. He was so thoughtful. He will be missed.

“*Mike was a good man and a great friend. He hired me at the Georgia Department of Labor, where I spent many years, and recommended me for the position that I have now. I owe him a lot. I'm thankful that I had the opportunity to go fishing with him, for the time that we spent together cooking for our coworkers at the DOL, and for the opportunity to be his "color man" on the radio for a couple of high school football games. Mike was really good at all three. Me, not so much. Thank you, Mike, for all you did for me. I hate that we didn't get to have lunch together one last time. I'm going to miss you. My thoughts and prayers will be with your brothers and their families.*
