“ Vicky, I am so very sorry for what you are having to go through. I considered Mike to be a good friend and neighbor. He was always in the yard waiting to help with anything that we had going on, and that worked both ways. A few weeks ago we were cutting up a tree that had fallen and Mike was right in the middle of it, after we finished I told him I would go help him finish the repairs on his dock, but he said nooooo way he was not going to work on it that day. Such a great man and friend which will be greatly missed.

“ My friend Mike and I were good friends even if we never talked to each other longer than 5 Minutes at a time It always was a big "Hi" when we saw each other out in the yards and next came from me "How is the fishing?" In all the years we have been friends he never asked me to do anything for him but turn that around and I was always wanting something. I was out on the mower and was cutting close to the lake, when I went around a side he could not see me. In about 10 minutes I was over asking for him to help me get the mower up the hill (he just knew I had run off into the river). I hadn't. I sure am going to miss having the grass around my mail box cut. It's the little things like that, that will make "Mike" my friend missed.
