“ *I was friends with Mike 30 years ago, and fell out of touch when I got married, moved to Sylvester, and raised a family. Now I am kicking myself for not having kept in contact. I still think of Mike often and I wish he would've known. Mike was a teddy bear who took care of everybody around him. May he rest in peace.*

“ There will never be another Mike. He was so giving and caring. I got to know him when I was at the bank many years ago. I would see him at different diners over the years and just sit and talk about old times. He was a icon to Albany as a businessman and respected person. May everyone who knew him be bless to have known him. I send my thoughts and prayers to the family.

“ So sorry to hear of Mike's passing. Sammy Murphy was my daddy. The last time I saw Mike was at my daddy's visitation. It meant the world for him to be there especially because I know how hard it was for him. So thankful he & my daddy were so very close. We loved Mike so much & thought of him as part of our family. Praying for all of you.

“ Mike Ward was a mentor and a consultant for me. I started working for him at Economy Drugs in the early 90's as a relief pharmacist. He gave me an opportunity to work a flexible schedule and was always willing to give advice. One thing I noticed about him was that he would help people that were in need. When I decided to start my own business I called Mike for advice and he was very helpful in the process. He always gave me encouraging words. He never told me he was sick, he just always told me that he was going to come and see me or even work a day for me (smile). We had some good times at Economy Drugs. Antoinette Boone (delivery driver) called to tell me of his passing and she also wanted to send condolences to the family. May God bless the family for I am sure that you have some lifelong memories that you will hold dear to your heart. Mike Ward, my mentor, will be missed.

“ Mike hired me right out of high school to work at Economy Drugs. I was a young teen-age mother without any work experience but he was kind enough to give me a chance...I worked there for seven years. He was always kind and understanding willing to help in any way he could. Once I became a student at Darton College, he allowed me to work flexible hours to accommodate my class schedule. I will always be grateful for the role he played in helping me develop into the person I am today. I am blessed to have known such a good man and I pray the family will find comfort in knowing the positive impact he made in my life.

“ I grew up with him. I admired him for his brilliant mind and his heart . He was too good for this world and sadly had realized he needed to get started soon on his own dreams. For one moment he almost made it to his passion and dream but he kept giving and helping others until it was too late. It hurts my heart so much he deserved a chance to give himself that long awaited road to true happiness and peace. He has , however reached a different rainbow on a peaceful path. This I know he is ok now. I will miss him more than i can explain for so many reasons. He was the brother I never had ! He was my friend
