“ I remember my association with Pat as a member of the Professional Secretaries Association or National Secretaries Assoc. as we were known then. We started the the CPS classes at Albany Junior College and formed a PSI Chapter in Americus and even hosted the State meeting at the College. Pat was a part of this hard working group of professionals that help this chapter grow in promoting the secretaries in Albany, their bosses, education and our programs. I well remember the friendship of Pat and her family during this association. My hearts and prayers are with Lee and the family. Julie (Julianne Megahee Hudson) I lived on Northampton in Lessburg. I am now living in Blakely, GA in my grand mother's home and retired.

“ My sympathy to all of the family. I worked with Pat around 1978-1981. She was the secretary and I was the clerk-typist in the Engineering/Motor Transport Branch. One of our main topics of conversation was our families. She loved all of you so much. We enjoyed each others company and got along well in our work environment. Kind of lost contact after we both got promoted but did run into each other several times over the years. Fond memories. With love, Karen Tanner Watson.

“ I worked with Pat in Position Classification at MCLB. When she was promoted to a GS-09 classifier, I was selected to fill the GS-07 Classification Assistant slot that she had vacated. Part of the job I inherited from her involved coordinating a really complicated and strictly scheduled Wage Survey/Wage-Change Survey in alternating years. Pat was my teacher/mentor and taught me well for when I “flew solo” after she retired. She gave me her little pocket calculator, which she had used extensively during the surveys. I have it in my purse, and I still use it to this day. It’s a real keepsake now . . .

Rest in peace, Pat. You’ll be missed hugely by a whole lot of people. I’ll be praying for you and for your family.

Eternal rest grant unto her, O Lord, and let perpetual light shine upon her.
