November 6, 1927 - January 15, 2016

Peggy Forehand Pritchett

The Funeral service will be held at 2:00 PM on Monday January 18, 2016 at First United Methodist Church with Dr. Don Adams and Rev. Scott Stanfill officiating. A private interment will follow.

The family will receive friends on Sunday from 4:00 PM until 6:00 PM at Kimbrell-Stern.

Peggy was born on November 6, 1927, in Albany, and was the daughter of Dr. and Mrs. D.C. (Hilda) Forehand. She graduated from Albany High School as a four year honor graduate at age 16. She taught swimming during the summers at Radium Springs, where some of her friends encouraged her to enter a pageant and she was crowned "Miss Radium Springs".

In 1948, Peggy graduated from Duke University, majoring in cost accounting. She was Rush Chairman and President of Omicron chapter of Alpha Delta Pi Sorority, a member of the Neridian Society and the Hoof and Horn Drama Club. She choreographed and performed in the musicals presented by the Hoof and Horn Drama Club for three years.

She returned to Albany and opened a dance studio in 1948. Former student, Barbara Pippin, joined her in 1960, becoming a partner. Later, Judy Dabbs

and Kathy Hall-Hawkins joined the dancing faculty. Year after year, this group produced creative and spectacular dance recitals and performances.

Thousands of little girls will always remember their beloved “Miss Peggy.” Her passion for choreography and theater also led to many fun productions, such as “Pajama Game” and “Damn Yankees” at the Albany Little Theater. (now Theatre Albany)

Peggy was a life time member of Dance Educators of America and Dance Masters of America. She taught at numerous national conventions for both organizations. Peggy had a unique and special way to connect and encourage young dancers. Statler Record Co. produced a record with her work of children’s dance material, with daughter, Paige’s, picture on the cover.

Peggy’s inspiration has launched careers of many dance teachers who are spreading the love of children and dance across the country. The studio has had numerous pageant winners, several students who have danced in off Broadway shows, and two who have become Radio City Rockettes.

Miss Peggy would often greet new students with a smile saying, “Welcome aboard. Did you know I taught your mother? Now that I think back, I taught your grandmother, too.” One of her greatest joys was working with the Dougherty County Kiwanis Club as they sponsored the spring recital for many years. The fact that all of the proceeds went to help children and less fortunate in our community gave her great satisfaction. Though she was technically never a member of the Kiwanis Club, they honored her as a George Hixson Fellow in 2000. After 58 years of teaching, she hung up her dancing shoes, but continued to support Kathy Hall-Hawkins as the tradition of ...pretty toes...ugly toes... smile and sing loud...and exciting dancing experiences for young girls in Albany will continue.

Peggy was a lifelong member of First United Methodist Church. She used her

special talents to teach children's Sunday school classes, and was active in the Fellowship Sunday School Class. She held emeritus status with the Junior League of Albany. She enjoyed computer classes at Darton, tutoring students at Morningside Elementary and playing bridge with some of her many friends. She loved her piano lessons with Gary Unger, which she began at age 79.

Peggy married James Garrison Pritchett in 1949. She and "Jimmy" enjoyed a wonderful 62 years together prior to his death in 2011. She is survived by daughter, Paige Pritchett Samples (Ted) of Lake Blackshear, GA, and son, James Garrison "Garry" Pritchett, Jr, of Lawrenceville, Ga. Grandchildren Chris Samples (Catherine) of Cary, NC, Lowell Samples of Albany, and TJ Samples (Delaine) of Macon, GA., great grandchildren, nieces and nephews, and extended family, Chila, Juan, Rodrigo and Carlina Aranda, of Cancun, Mexico.

In lieu of flowers, for those desiring, memorials may be made to

“If you forget the dance, just keep smiling.” Miss Peggy was a mentor and a role model throughout my life. From the time I started dancing at the age of 5, she nurtured in me a love for dance that is part of my life even today. No matter a girl's ability, Miss Peggy believed in her students and was so patient when we needed to practice that tap combination one more time. I can still hear her say when we all finally mastered it, "I could just eat you with a spoon!" Smart, beautiful and so talented, she touched so many lives in a positive way. She and Miss Barbara made Albany a better place to grow up by giving so many of us a place to learn dance, build confidence, form friendships and perform at schools, fairgrounds, churches and recitals. Paige and Garry, I LOVED YOUR MAMA! :) and the two of you and, as you know, our history goes way back with not only dance, but also at the YMCA with Garry (and B.B.) teaching me to dive. My prayers are with you and all your family. Thank you for sharing your wonderful sweet mother with all of us! My life is better and richer for having known her. I am sure I could hear the applause of heaven when she entered and took center stage in the presence of God whom she served so well.

“So sorry to hear this news about Miss Peggy. Although dancing was never my "thing" (rather be out being a tomboy", Miss Peggy gave it the old college try. It's wonderful to read all of these tributes by so many touched by her..... Condolences and love to the family..... Julie Purvis Montgomery

“ To Paige and family, So sorry for your loss! Please know that you and your family are in my thoughts and prayers! What little girl who grew up in Albany did "NOT" know Mrs. Peggy! She was a wonderful teacher and friend! She touched so many lives with her wisdom and wit! She was a staple with your Daddy at First Methodist and the Fellowship Class. My parents spent a lot of time with them over the years! The world has lost another true "Southern Lady"! She will surely be missed....

“ Miss Peggy could never cure me of my two left feet, but I tapped and did airplane dives with the best of my class. She was always so up beat and nice to everyone. It seems a sadder world without Miss Peggy. Sympathy to family and all who loved her.

“ I was four years old in 1948 and in the very first dancing class Miss Peggy taught. In the beginning Miss Ivey played the piano, Miss Jo collected the money, and Mrs. Forehand cut out the brown paper (or were they newspaper?) patterns my mother used to sew my costumes. When I was a teenager Dr. Forehand treated me when I pulled a muscle because I didn't warm up and kicked too high.

*How much richer my life has been because Miss Peggy was my mentor, my role model, my idol, and my friend. Reminiscing, I think about some of the things I learned from fourteen years under her spell:*

1. *If you're on the first row you have to know the steps.*
2. *If you're on the second row you don't have to think to keep in step with everybody else.*
3. *Smile and look like you're having fun and people watching will think you're great and have fun, too.*
4. *Smile and look like you know what you're doing and if you stumble most people won't notice.*
5. *Dancing solo means you don't have to share the stage, audience, or applause (or responsibility or blame).*
6. *You don't learn anything staring at yourself in the mirrors.*
7. *Some people just weren't made to bend over backwards.*
8. *Some people just weren't meant to be on their toes.*
9. *Sometimes the best view of the stage is from the wings.*
10. *Some people get shiny red and white Chevy convertibles in high school, but you won't be one of them.*
11. *If you really want to help in a pinch, just look around and see what needs to be done and do it. Don't whine or ask questions.*
12. *If you plan to have an interesting, creative life you'd better marry someone who never sees a mess. (Peggy's living room and dining room were a confusion of costumes, props, tapes, notes...and she said, "Jimmy never sees a mess".)*
13. *When someone who loves you makes your costumes they fit better.*
14. *If it sounds like an interesting challenge say yes, and worry*

*about how to do it later.*

*15. The worst thing that can happen to you if you ask someone to do something is that they might say no. Most often they will be so stunned by the question that they will say yes. (I have organized a lot of projects for non-profits, and sometimes I see a look on the face of someone I've enlisted that says, "Why am I doing this? Why am I here?" Questions I asked myself when Peggy recruited me one summer to teach water ballet at Tift Park Pool; when rehearsals ran late and I found myself cutting up salad for her dinner party with little Paige standing on a stool next to me at the kitchen sink; when I danced at the Civic Auditorium with little girls that hardly came up to my arm pits, in a costume that wouldn't zip, because somebody in their class threw up backstage and there was a gap on the front row).*

*16. Always give more than you ask for: Peggy devoted many after-hours to coaching and polishing - helping me prepare a dance for this civic club program or that pageant or... For example, she taught me a stop-time number for eighth grade assembly that so wowed my fellow Albany Junior High students they voted me both March of Dimes Queen and May Day Queen that year.*

*I love Miss Peggy and forever hold her close in my heart.*

“ Miss Peggy was such an important person in my life. I am so grateful to her for all that she shared with me as one of her students. She gave me the greatest gift, her love and passion for teaching dance. Not a day goes by that I don't hear her voice guiding me through my own classes. She had a profound impact on my life and my love of dance. I hope she knows how much her legacy lives on in hundreds of other classrooms and students. Thank you Miss Peggy for all the memories of class, rehearsals, and recitals but most of all, thank you for believing in me. Heaven has a new angel and I know they are dancing tonight. *I guess I was one of her first students. In 1948 I was 5 years old and I started dancing classes with her. I continued for six years (excluding the year she took off when Paige was born). I loved ballet so much. Those dancing classes were one of the very best parts of my childhood. I didn't become a dancer, but I gained a huge appreciation for dance and for the arts in general, which has enriched my life immeasurably. Whenever I go to a ballet, I always wonder how many others in the audience have actually tried to do it and how, if they have not, they can really understand the magic (and the difficulty) of it. What a legacy her long career has left behind!*

“ I was 3 years old when I began dancing at the white wooden studio on the dirt hill. Miss Ivey played the piano. Miss Peggy smiled, loved and encouraged our special class that stayed together until we graduated from AHS. She called us her "big girls." We did ballet, tap, jazz, toe, acrobats. Many weeks we were there every day. I never saw her impatient or upset. She never got old, even when my daughter started taking from her, she was young! It makes me tired thinking how much work went into the Christmas Programs and yearly May Recitals. ...teaching hundreds of dances, ordering costumes, recruiting stage mothers, spraying tap shoes, designing programs, fixing our hair, calming our nerves, lining us up, prompting forgotten steps from the edge of the curtain....always smiling. And yes, her famous words, "if you forget your steps, just smile big, keep singing and no one will ever know."

I can't imagine my growing up years without her and the Joy she brought to so many of us. Paige and Gerry, I am so glad you have these wonderful memories to pass down to your children and grandchildren. Your daddy let her shine.....what a sweet man! I can still see him, my daddy and Mr. Rob standing outside the church (during church ) in their usher suits talking football, hunting and fishing!

My heart is heavy, but full of wonderful memories from a very special lady. God bless you and your family. Jan Sapp Bentley

“ My memories of Miss Peggy are so wonderful that it is hard to state one. I suppose the year she did Pinocchio and taking the ride across stage in the bird, of which I was supposed to dismount! The bird didn't go low enough and I can hear her saying in her dancing school teacher voice, *JUMP Dotti, Jump*". I knew if she said anything it would work! I loved her so much and later opened a studio with her advice! Haven is dancing and so many of us loved dancing because of her! My sister Debbie has probably seen her in heaven! Love,

“ I began lessons with Miss Peggy in 1948. I am now 74. I have danced all 74 of them. Taught dance on the college level - Choreographed and performed in musicals up and down the east coast - performed in dramas (Shakespeare to one-woman shows) my whole adult life. My latest (last Oct.) was of Isadora Duncan the early modern dancer. I did not have ballerina feet or turn-out, but Miss Peggy taught me to dance anyway. My life would have been so different -- maybe nothing -- without her. We must all Keep on Dancing!! Robin Leeger Voiers .

“ Miss Peggy, you have greatly touched our lives for us to always remember you in the happiest and loving ways!  
You were one of our Swim Team Mamas. Now those were the best times for us all growing up in the pools at Tift Park and Elks Club!  
In the early 80's, you had a dance exercise class and it was Fun!  
You were so energetic, creative, and always had your big smile.  
Many times you couldn't help yourself and gathered up outfits for us to dance:)  
I also remember going through your attic to borrow outfits for my class Christmas Program. My second graders were excited to be really dressed up for it!

“ My childhood memories wouldn't be complete without Miss Peggy. Although I only took lessons from her for about eight years, I cherished every one of them. The rehearsals, the recitals, the fun of dancing that she shared with all of us will always be with me. One phrase I remember her saying more than any other was, "This can be a show stopper". She believed it and she made us believe it, too. Albany was very fortunate to have such a fine lady as an inspiration for little girls who wanted to be just like her. I loved you then, Miss Peggy, and I love you still. My thoughts and prayers are with your family.

“ Dearest Paige and Garry...I don't know how to begin. My memories begin with our families riding around in the car looking for lots to build houses, side by side. Certainly, I remember the dancing lessons and recitals. But I mainly remember y'all just being there: your mom coming in the back door, the collaborations with Dad on recitals in the early days, and later, the musicals at Theater Albany. I remember Christmas Eves and summers when Chila came. Miss Peggy was always so strong, confident, positive, and supportive. I loved her, as everyone did. I don't think she called me "Debbie" but about twice in my life. It was always "Deb Deb". I can hear her voice now; I can hear her laugh. She has not only left a legacy in her Dance studio, but as long as the thousands of students she touched live, Miss Peggy lives ...immortalized in us.
