“ *So sorry to hear of Quincey's passing. We lost a good one here. I've known Quincey since I started to work in Dothan in '65. I can't say that we always agreed however, we always kept talking until we came up with a decision we could both accept. That's the kind of guy he was. Quincey was one of the best "numbers guys" that I ever had the opportunity of working with. I lost track with him when he left Clearwater but I located that rascal again last year and I called and talked to him a good long while. It was just like ole times!!*

Again, the Griffin family has lost a very dear member and I've lost a good friend and past co- worker so please accept my condolences. Now, just look at all the good memories that he left for everyone to cherish. RIP my friend.....
