“ *My mom taught me everything I know. She taught me all about music, about life, loss, and love. She helped mold me into the person I am today. I am forever grateful for the time I had with her in her short life and the wonderful siblings she gave me.*

It still really stings as she was my heart and soul, my best friend, my confidant.

I really wish that it weren't true. We lost a good one

I will always love you mom and I will carry your memory with me until my last breath.

“ You laid there in that hospital
bed, you tried so hard to hold on.
God was calling you home. He needed
another angel to help pour out the rain.
Tears have fallen, hearts where shattered,
but it was time for you to fly home.
Your loved ones came to say their last goodbyes,
to tell you they loved you, and that you will be forever missed.
As your heartbeat stopped, and your eyes slowly closed,
God took another angel home.

Forever in my heart,
Tiffany
